

# ENVIROCRETE

## CONCRETE CURING AGENT

### A water based curing agent suitable for use on all concrete

- ✓ Non staining, non-toxic; ideally suited for reservoirs and other potable/wholesome water structures.
- ✓ Water based, ideal for use in areas of poor ventilation.
- ✓ Aids concrete to attain maximum hydration, strength, durability and surface hardness.
- ✓ Shrinkage with associated with hairline cracking and crazing is greatly reduced in vertical and horizontal applications.
- ✓ Extremely economical and easy to apply; a single film application only is required, using PDS' spray equipment or similar.
- ✓ Compatible with Silane.
